## DETAILED ACTION

### *Election/Restrictions*

1. Applicant's election with traverse of claims 1-15, 7-28, 30, and 39-44 in the reply filed on 5-7-04 is acknowledged. The traversal is on the ground(s) that potential overlap is present between both classifications, and the presence of undue burden on applicant. This is not found persuasive because the inventions of group I and II are distinct for the reasons given in the restriction requirement of record, and there is separate status in the art as shown by their different classification. The separate status is in consideration of separate inventions that may be present outside of any "overlap" indicated by applicant. An efficient examination on the merits should be of only one invention per application.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 16, 29, 31-38, and 45-53 withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 5-7-04.

***Response to Amendment***

3. The reply filed on 5-7-04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): while it is acknowledged that an interview made of record infers arguments found persuasive, these arguments need to be made of record so that: the record is clear, and for the current examiner to fully consider the next response in this case. There is no written record of a complete argument for a traversal to the pending 35 U.S.C 103 rejection. Argument is also inferred to a "teaching away" of the two references used in the rejection, but the substance is also not made of record.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
